

Remarks

Status of the Claims

Claims 1-16 are pending.

Amendments to the Specification

The specification is amended herein by submission of a Substitute Specification under 37 C.F.R. § 1.121(b)(3) to simplify the document for printing or copying. A marked-up copy of the specification pursuant to 37 C.F.R. § 1.125(a) is enclosed. In summary, the Field of the Invention and a heading have been amended, and several headings and paragraphs have been added as required by statute. An Abstract is also provided on a separate sheet. Support for the Substitute Specification is found throughout the originally-filed PCT specification. No new matter is added.

Claim Amendments/Added Claims

PCT Claims 1-13 are cancelled and replaced with new Claims 14-29 (renumbered as Claims 1-16 in the Substitute Specification) to place the claims in U.S. format. The subject matter and scope of Claims 1-16 corresponds generally to cancelled PCT Claims 1-13. Support for Claims 1-16 is found throughout the originally-filed PCT specification. No new matter is added.

Conclusion

The amendments to the specification and claims herein are proper and entry is respectfully requested. Prompt examination of the Substitute Specification is respectfully requested.

Respectfully submitted,

JUERGEN ROEDER
